Launch of this device has further strengthened the product line of iZOTRON, which is already well placed in the market with its broad product line of tablets, power banks, portable speakers and many more. Targeted at consumers who are looking for a mid-range device, **iZOTRON Mi7** delivers outstanding performance and brilliant visual experience. With this new device, users can experience a faster and smoother console on the tablet with latest Android Lollipop and Quad Core processor.

This device offers the power of 4 cores coupled with 1GB RAM and 8GB of Internal Memory, giving users the flexibility of multitasking with ease. Latest version of Android OS, Lollipop, gives users the luxury to operate the device with fast-blitzing speed. The device comes with HDMI port, which enables users to perform their activities on bigger screens, fulfilling all their needs on a day-to-day basis from desktops or laptops.

The 2.0 MP rear camera provides a delightful photography experience and the front camera adds the luxury of having a video conference over Wi-Fi. The device embedded with motion control technology makes use of accelerometer and proximity sensor to control the music player, gallery, camera and many more. Users also get the privilege to pin their favorite app to the 'float task' screen while reading or watching a video or doing some other tasks on the device.

The device is loaded with 3000mAh battery for uninterrupted battery backup. Although priced at Rs. 6,000, iZOTRON Mi7 is available only for Rs. 4,290, as part of the exclusive launch with eBay India.

Feature highlights of the device:

- Android 5.0.2 Lollipop OS
- 7" HD Multi-Touch Screen (1024x600 Resolution)
- 1.3 GHz Cortex A7 Quad Core Processor, Mali-400 GPU
- 1GB DDR3 RAM, 8GB Internal Memory (Apps + Data Partitioned)
- Expandable Memory - Support Up To 32GB
- 2.0 MP Rear Camera, Front VGA Camera
- G-Sensor, Proximity Sensor
- Wi-Fi B/G/N, Bluetooth 4.0
- Micro SD Card Slot, Micro USB Port
- Mini HDMI AV Port, 3.5mm Audio Jack
- 3G Support Via External Dongle
- 3000mAh Li-Polymer Battery

iZOTRON also revealed that it will be launching a couple of more devices in smartphones and tablets categories soon. So, it seems like there is lot more to come.

About iZOTRON

iZOTRON, owned by Nookstore Overseas Private Limited, is not just a brand, it's an invention. It is a medley of quality gadgets that have been designed with an aim of earning consumer's satisfaction and accolades. iZOTRON believes that "creation is the process of taking two things that already exist and putting them together in a unique better way". iZOTRON is the destination that would disembark consumers from the quest for attractive and high performance gadgets. Be it the touch of a finger or the flick of a wrist, these gadgets would make their lives chaos free. The fact that these extraordinary products are available at very affordable prices is the icing on the cake. iZOTRON also ventures into the horizons of B2B in the fields of education, corporate world, government authorities, restaurants, shopping malls etc. With a confidence and willingness to cater to their business partner's interests and needs, iZOTRON is always in the pursuit for providing exemplary solutions for its customers.
