iZOTRON Launches MiPad 07 With Android 6.0 Marshmallow

NEW DELHI, May 26, 2017 /PRNewswire/ --

iZOTRON, a thriving electronics brand in India, has launched its first Android Marshmallow device - Mipad 07, a 3G calling tablet at a very affordable price. This new tablet is a power packed amalgamation of flawless design, improved performance and best of the class features.

Rigged with the latest Android 6.0, the tablet promises to deliver compelling performance, greater functionality and improved security features. Sporting a 7inch IPS display with 1280*800 resolution, excellent contrast ratio and stunningly clear screen, the device offers a flawless viewing experience to its users. With its 8 GB internal memory and 32GB external expandable memory, the tablet serves as a storehouse for all the personal images and videos.

Mipad 07 also boasts of a powerful 3000mAh battery, which guarantees an uninterrupted movie watching experience. Its power-packed Quad Core processor with 1GB RAM lets a user experience smooth switching of multiple applications, music playback, sending e-mails, and browsing the web simultaneously.

Also equipped with dual camera and flash light, the tablet lets one capture all his favorite memories as well as enjoy video calls with loved ones. This Dual SIM 3G tablet also promises blazing fast internet and round-the-clock connectivity with friends, family or colleagues.

This is not the first time the brand has come up with a superior quality and great performing product at a budget price. iZOTRON Mi7 Hero Tab was also well received and quite popular among its consumers. iZOTRON sticks to its motto of '**style, efficiency and simplicity**' yet again with this new launch. For detailed specifications, visit <http://www.izotron.com/mipad-07/>

Mipad 07 is also available on all the popular online selling platforms. Below are some of the links:
